

Reservation Agreement

Elysian Fields Whitetail Deer Preserve, LLC

This Reservation Agreement entitles the applicant to have a preference in scheduling hunts for the next three years at Elysian Fields. The Reservation Fee is Two Hundred Dollars (\$200.00), and will be applied to the cost of the hunt (booking fee) when the hunt is scheduled, the booking fee is paid, and the hunting agreement is signed. The number of Reservation Agreements accepted will be limited to the number of hunts available in the respective year.

The sportsman will have preference in scheduling hunts until July 31 of the hunting year. Up to July 31 the hunter with the earliest date on the Reservation Agreement will be given first choice of hunting dates and estimated size of trophy bucks to be hunted. Elysian Fields cannot guarantee that the hunter will find an opportunity to harvest the exact size of buck desired. After July 31, all hunts will be scheduled on a first come first serve basis. If the hunter fails to schedule a hunt within three years of the date of signing the Reservation Agreement the Two Hundred Dollar fee is forfeited.

A sportsman may want to use this Reservation Agreement when he is certain that he wants to purchase a hunt, but is unsure of the time and quality of the trophy buck desired. The sportsman should exercise this Reservation Agreement by signing a Hunting Agreement as soon as it is known for certain when he/she wishes to hunt. The applicant needs to read and be familiar with the **Hunting Agreement** before signing this Reservation Agreement.

The Hunter(s) and Elysian's Fields Hunting Preserve Agent have executed this Reservation Agreement as of the date first written. Elysian Fields acknowledges receipt of the Reservation Fee in the amount of Two Hundred Dollars.
